

WANTED

All the wild species you can discover
in your everyday life.

Join the Rutgers' 2016 PERSONAL BIOBLITZ

When? 76 days, 1 March to 15 May 2016, 24/7, anywhere.

How? See, listen, discover, learn, identify, list, upload species.

Why? Learn more about what lives right around you - birds, plants, microbes, algae, fungi, insects, mollusks, mammals...

Who? Anybody associated with Rutgers University.

What? Any wild species anywhere in the world that you personally experience (special rules apply, see website).

In 2014 we saw over 3400 species together,
in 2015 we reported 11842 observations,
this year, can we discover even more?

Special awards for undergraduates and graduate students.
There will be fieldtrips, help with identification, fun discoveries,
and a giant online website of what we discover. **Sign up now!**
