

WANTED

*All the wild species you can
discover in everyday life.*

Join the Rutgers' 2018 PERSONAL BIOBLITZ

When? 76 days, 1 March to 15 May 2018, 24/7, anywhere.

How? See, listen, discover, learn, identify, list, upload species.
Others will help you identify the species you upload photos of.

Why? Learn more about what lives right around you - birds,
plants, microbes, algae, fungi, insects, mollusks, mammals...

Who? Anybody associated with Rutgers University (including
friends of Rutgers people), wherever you are in the world.

What? Any wild species anywhere in the world that you
personally experience (special rules apply, see website).

In 2017 we saw over 4,900 species together,
in 2017 we reported 20,861 observations,
this year, can we break these impressive records?

There will be help with identification, fun discoveries, and a
giant online website of what we discover. **Sign up now!**
